Senior Cloud Engineer / Site Reliability Engineer

Full-time (Linz, Austria)
Starting now!

Your territory

As part of our innovative Software Development team you will:

- Shape the infrastructure that supports hundreds of thousands pet lovers around the world!
- Migrate our existing dedicated servers docker swarm cluster to AWS
- Implement infrastructure automation using AWS CDK
- Run, optimize and monitor our production infrastructure
- Identify and solve complex problems of our system infrastructure
- Optimize our existing services in respect to availability
- Maintain infrastructure of our databases
- Ensure the security of our customers' data
- Refine and improve our Continuous Delivery Pipeline
- Stay up to date with state-of-the-art technologies
- Bring in your ideas and improvements to actively contribute to the company's success. You will never hear "…because we always did it like that" again
- Continuously develop yourself personally and professionally. You will take ownership of areas that strengthen your potential and you will be able to attend workshops to learn new skills according to your experience and interests

Your profile

Key requirements:

- Minimum 5 years of experience with Amazon AWS and infrastructure automation (e.g. AWS CDK, AWS Cloudformation, …)
- Minimum 5 years of experience with container orchestration (e.g Docker, Kubernetes)
- Practical experience with some of the following technologies: Elasticsearch, MongoDB Cluster, Continuous Integration, Jenkins, Git
- Experience in software development (ideally with Kotlin, Java, Ruby) is a plus
- Very good English skills

Does this sound like you?

- Well organized security mindset who is able to prioritize tasks
- Passionate about the automation of infrastructure
- Pragmatic and looking for cost-effective solutions
- The desire to improve existing structures
- Willing to come and work with our fantastic team in Austria

So you know what to expect: For this position we offer a competitive overpayment based on qualifications and experiences. The annual gross salary starts at € 55,000 on a full-time basis.
